

Asbestos Environmental Inspector – paid training and certification, growth opportunities, competitive pay, \$3,000 signing bonus for experienced candidates

Are you an experienced Environmental Inspector looking for a change? Do the following sound like you?

- You're a born detective: inquisitive and dependable
- You have a passion for the built environment
- You value being entrusted to work remotely and independently
- You're a rule follower: you've never met an SOP you didn't like
- You are looking for a company who values you as an employee and as a person with a life outside of work
- You expect a compensation package that reflects your adaptability and dedication to your craft

You belong here with us! We are seeking an experienced Asbestos Environmental Inspector to work on projects throughout New York State.

Our ideal candidate has 2+ years of experience conducting asbestos and hazardous materials inspections and holds current Asbestos Inspector and Project Monitor Certifications. A \$3,000 signing bonus is being offered upon hire to those who meet these criteria. Candidates with other related inspection experience will also be considered for the role.

We're a team of engaging, intelligent, and energized folks who are committed to making an impact in the world. We offer a friendly, employee centric culture and are passionate about our staff, their lives, happiness and personal growth. See below to learn more

The Responsibilities:

- Conduct hazardous materials inspections, primarily for asbestos
- Conduct lead-based paint inspections, risk assessments and clearance testing
- Conduct mold and indoor air quality investigations and sampling
- Provide complete and accurate project and technical data to others for compiling reports
- Perform project monitoring and air sampling for asbestos, lead, mold, radon, heavy metals indoor air quality and other contaminants
- Conduct clearance visual inspections to determine project completeness
- Provide complete and accurate paperwork to project manager for review and comment
- Occasionally assist with general administrative duties of the laboratory and office
- Perform duties and special projects as assigned by management

The Requirements:

- 2+ years of experience conducting inspections or with asbestos and hazardous materials
- Current Asbestos Inspector and Project Monitor Certifications preferred
- Strong work ethic and high level of integrity; excellent communication and problem-solving skills
- Ability and initiative to self-pace and manage daily workload while adapting quickly to changing situations
- Ability to perform field work independently at various work site locations, work flexible hours and travel within Upstate New York
- Reliable transportation with proof of required insurance and valid driver's license
- Ability to pass MVR (motor vehicle record) check, OSHA-required physical, and drug test

- Ability to lift up to 50 lbs., work at heights, in small spaces and other adverse conditions

Pay Range: Sienna is dedicated to ensuring fair and equitable compensation for our employees. The pay range for this position is from \$21.00 - \$30.00 per hour. The specific compensation for the successful candidate will be determined based on their knowledge, skills, and experience.
